## PGI surgeon invited to Germany

Professor Ramesh Kumar Sen, Orthopaedic Surgeon, PGIMER, Chandigarh, has been invited as a visiting professor by the University of Mainz, Germany, in September 2013 where he is scheduled to demonstrate his surgical innovations and techniques in the management of complex hip problems. He will participate in the clinical and academic schedule of the University Hospital of Mainz. Subsequently, he will be visiting Riga, the capital of Latvia, to participate in Baltic countries orthopaedic surgeons' meet as a plenary speaker. There, he will share his experience of managing difficult surgeries in orthopaedic trauma. Earlier this year in March, Professor Sen was also a visiting professor to Detroit Medical Centre, USA,
where he presented one of the world's largest series of specific hip surgeries performed by him in the PGI with a follow-up evaluation of more than 10 years.
