President, OERS

Inaugural Address at 6.10 PM

Prof. M. S. Dhillon

President

Indian Orthopaedic Association (IOA)

(2 PMC CREDIT HOURS)

Session I

6:20 – 7.10PM

THROMBOPROPHYLAXIS IN ORTHOPAEDIC PATIENTS; WHEN, WHAT & HOW?

CHAIR PERSONS

Dr. Gurbir Singh

Dr. Adarsh Swami

Prof. Satinder Gomber

Dr. Ajay Bhambri

Dr. Parmjit Singh

❖ DVT; Magnitude of the problem; Experience at PGIMER

Dr. Sameer Aggarwal

❖ DVT magnitude of the problem; Experience at GMCH Sector 32

Dr. Sudhir Garg

❖ Thromboprophylaxis: Current Armamentarium

Dr. Suman Shekhawat

❖ Thromboprophylaxis: Guidelines for patients undergoing orthopaedic surgery

Dr. Gaurav Saini

✓ Each lecture 10 minutes only

Session II

7.15-7.45.00PM

THROMBOPROPHYLAXIS: OUR PROTOCOLS AND OBSERVATIONS

CHAIR PERSONS

Prof. Sanjeev Palta

Dr. Kajal Agarwal

Dr. Sunny Rupal

Dr. Amit Kumar Nagpal

Dr. Sukanya

❖ Experience from PGIMER Chandigarh

Dr. Tanveer Samra

❖ Experience from GMCH Sector 32

Dr. Pooja Saxena

❖ Experience from Fortis hospital Mohali

Dr. Abhishek Gupta

❖ Experience from MAX hospital Mohali

Dr. Suruchi Abrol

❖ Experience from Command hospital, PKL

Dr. Col. Jasjeet Singh

✓ Each lecture 6 minutes only

Session III

8.00-8.45.00PM

DILEMMAS IN SPECIAL SCENARIOS: PANEL DISCUSSION: DR. R. K. Sen

PANELISTS

Dr. Y. K. Batra (Anaesthesiology)

Dr. G. D Puri (Anaesthesiology)

Dr. Rajat Sharma (Cardiology)

Dr. Manoj Kumar (Cardiology)

Patient with prosthetic heart valve on warfarin therapy presenting with fracture neck of femur; what to do and when to operate?

Patient with in situ coronary stent on dual antiplatelet therapy presenting with fracture neck of femur. How do we facilitate surgery?

Patients with recent drug eluted stent (within 6 months) coming with hip fracture; Line of management

Postoperative Thromboprophylaxis for patients who were on dual platelet therapy; what does the current evidence say?

Patients at a higher risk of perioperative thromboembolism; should the protocol be different in this group of patients?

Session IV

8.45-9.15PM

CONSENSUS IN ARTHROPLASTY: PANEL DISCUSSION: DR. Padma Puppala

PANELISTS

Prof. M. S. Dhillon

Dr. Manuj Wadhwa

Dr. Harsimran Singh

Dr. V. Kulshreshta

How valuable is Mechano-prophylaxis? What is your practice? Would you change your practice based on the guidelines presented in this CME?

Bleeding complications from use of LMWH and NOVACs; what is your experience?

Initiation of Thromboprophylaxis in preoperative period; When, what and how?

Aspirin monotherapy for perioperative Thromboprophylaxis; is it justified?

What should be the Thromboprophylaxis protocol in TKR

Dinner Follows
